Annual Staff

Twelve upperclassmen, with Mrs. Griffen as general advisor, produced the 1958 Mountaineer. Work on the book began in September and extended through March.

The staff was a cooperative group of juniors and seniors.

When deadlines had to be met, members with assigned jobs or special titles, laid them aside and did whatever work was necessary, to meet certain dates.

Lenore Duling, not in picture was layout editor. Joan Orr, assistant editor, did all original art work.

In September the entire staff attended the Washington Year Book Conference, which is held annually by the Communications Department at the University of Washington, in Seattle.
